OFFICE MEMORANDUM

Subject: Formulation of National Metal Recycling Policy by NITI Aayog-reg.

NITI Aayog is formulating a national policy on metal scrap handling and recycling. In this regard, data is being collected on total metal scrap generated. It is understood that substantial quantities of metal scraps are generated in shipping through disposal of large ships/systems/platforms/equipment etc. which attain end of their life over time over time.

2. It is requested that information on scrap generated by various bodies under the administrative control of Ministry of Shipping may be provided in the enclosed format.

3. It is further requested to share with this office the contact details of the concerned officers in your Ministry dealing with the subject so that they can be approached for any further requirement.

Encl: as above.

(Under the signature of the Deputy Adviser)
Deputy Adviser (Industry)
