Sub: Applicability of Notification Number 24/2017 dated 21/09/2017 On IWAI Tenders/ Schemes Being Executed/Planned under Composite Work Contract

On our specific request, the GST Council, vide their letter dated 13/3/2018(copy enclosed) have now confirmed the applicability of the concessional 12% Gross GST rate (as per the Notification number 24/2017 dated 21/09/17) for works implemented by IWAI. Kindly note the relevant part of the said reply which is quoted as under:

"In this regard I am directed to state that notification number 11/2017- CTR has been amended by notification number 31/2017- CTR dated 13/10/2017......The status of IWAI vis-a-vis the definition of “Government Entity” as explained in para 4(x) of Notification number 31/2017- CTR dated 13/10/17 may be examined......consequent to this amendment, the composite supply of works contract to Government Entity by way of construction, erection etc. would attract GST @12%.”

Since IWAI do fall under the definition of “Government Entity” as per para 4(x) of the Notification number 31/2017 dated 13/10/17, IWAI is eligible for the 12% Gross GST rate as per the Notification number 24/2017(copy attached) relevant part of which is quoted as under:

“Services provided to the Central Government, State Government, Union Territory, a local authority or a governmental authority by way of construction, erection, commissioning, installation, completion, fitting out, repair, maintenance, renovation, or alteration of - a civil structure or any other original works meant predominantly for use other than for commerce, industry, or any other business or profession”- would be subject to a reduced GST rate of 12% (instead of the normal rate of 18%)

In view of the above all the Composite Works Contracts and scheme estimates proposed under such Works Contract for all the works specified under the Notification number 24/2017 only, are to be regulated with 12% Gross GST only after ensuring that the Input Tax credit has been duly passed on by such contractors to IWAI.
